

The Declaration of Independence dated July 4, 1776, declares the American peoples independence from the current Political Parties. As Jefferson did in the original, thirty-four reasons are substantiated. Although we are led to believe the reason for the original Declaration was taxation, that was issue number 17 out of 27. This document identifies issues such as citizen voting, gerrymandering, how candidates are selected by the political parties, election funding, growth of the government and specific responsibilities. An explanation of the Constitution is provided as a reference.
